

EVER HAD THAT FEELING – LYRICS

The rain don't talk to me no more

(Music & Lyrics: Andra Cilliers)

Coffee-stains on the carpet and I miss home
And the rain don't talk to me no more
I walk this city's streets alone
And I dance with your empty blue raincoat

Oh lord have I missed something here?
Oh lord what am I doing here?

Kill the messenger who bears bad news
'cause they take away your luxury to choose
Better things and bigger dreams
And I still miss your strong hands holding me

Oh lord have I missed something here?
Oh lord what am I doing here?

And the sky is turning black,
And I know I can't go back
Feel the rain outside come in
And I know I can't go back

Run Away

(Music & Lyrics: Andra Cilliers)

I know my sin when I see your face
I wanna wake up next to you in the morning
Run away with me

You called my bluff when you saw my lie
I'd rather be half of you than whole of me
Run away with me

We don't need much,
They say all you need is love
Well, I don't know about love,
but all I need is you to run away with me

Run away with me

I don't care what people say
I know you belong with me
So run away with me
Run away with me

I am

(Music & Lyrics: Andra Cilliers)

Allow me this. I can't see past I am, I am
We turn our backs. I can't call that I am, I am
Freedom of choice. Ignore the Voice I am, I am

Black stains on hands. Who'll whitewash them? I am, I am
We kill and rape. Who takes the blame? I am, I am
White powder lines. Where can I find I am, I am?
Dissatisfied, so we get high. I am, I am

With this I wake and my heart breaks. I am. I am.
We steal and whore and still crave more. I am. I am.
Abuse the land. Obey the Man. I am. I am.
Cry on the floor. Can't take no more. I am. I am.

With this I wake and my heart breaks. I am. I am.
With this I wake and my heart breaks. I am. I am.

Are you happy now

(Music & Lyrics: Andra Cilliers)

I walk, and I walk alone
I see many colours, but I cry just one
So tell me this, are you happy now? Do you have what you want?
Do you feel the same, you don't have to say... just smile for me

I see children play, I hear people laughing
It's picture perfect, except for one thing
Do you feel the same, you don't have to say... just smile for me

Under the clouds, in shades of grey,
You scream at silver and push me away
Are you happy now?

I walk, and I walk alone
I see many colours, but I cry just one
Do you feel the same, you don't have to say... just smile for me

Fall too Slow

(Music & Lyrics: Andra Cilliers)

I am on my way to you as I sing
Would you hold my hand when I reach and I fall
I fall too fast, and you fall too slow

You told me to wait, only time will tell
But I don't believe in hanging around and I fall
I fall too fast, and you fall too slow
I don't know how to... but I fall too fast and you fall too slow

It should not be work, it's not a nine to five
They say love should make you feel alive.. and I fall
I fall too fast, and you fall too slow
I don't know how to... but I fall too fast, and you fall too slow

Faces

(Music & Lyrics: Andra Cilliers)

Faces, faces running like a wave
People spilling onto the street
And all the things you said, and all the things I said in silence

I'm always too late with the right thing to say.
In the moment - I got nothing
And all the things you said, and all the things I said in silence
Come on in...

Places, places that I've never been - call my name so loud - I cant ignore them
And all the things you said, and all the things I said in silence
Come on in...
Call me up again, I've been so sad since you left
Run

Horse at the Water

(Music & Lyrics: Andra Cilliers)

Horse at the water, drink and I'll take you home
I can hear a train a'comin', coming to take me home
Can you hear the black bird sing the song that takes you home
Let go 'n let your soul fly, lets go home

I'm not ready

(Music & Lyrics: Andra Cilliers)

Hello, this isn't me. You've reached my machine,
'cause I ain't got nothin' to say..
I'm not ready

Saw your sister the other day, but I couldn't stay long,
'cause it only reminded me of a better time than today..
and I'm not ready

Dreams only come one at a time..
And I'm not ready to wake up and start all over again

Come to think of it, your sister, she didn't say...
The least she could do is tell me that you're not doing so well and you're feeling alone just like me.

Dreams only come one at a time..
And I'm not ready to wake up and start all over again
I hope that you're doing just fine, but you still think of me sometimes

The Signs

(Music & Lyrics: Andra Cilliers)

I feel old, I don't know why
I feel the sun on my dirty tired face
I see the signs, but Lord – don't take me Home yet

I feel the breeze of the city
And the street lights in my eyes
I feel the snow in my bones
And I know Swing Low is coming
I see the signs, but Lord – don't take me Home yet

I keep Your letters under water
I keep Your promise on ice in silence
Don't take me Home yet

Take Me

(Music & Lyrics: Andra Cilliers)

There are things that I want
There are things that I need,
But all I crave is to have you here with me
There are things I wanna say
There are things I wish I could be,
But all I crave is to have you here with me

Take me away from here. Save me from my fears
And all I fear is to never have you near
There are things I don't talk about
There are things I can live without
But you're the one thing that I live for

Take me away from here. Save me from my fears
And all I fear is to never have you near
There are things we cannot do
There are things we really want to..
And I want to be with you
Take me away from here, Save me from my fears
And all I fear is to never have you near

Fairytale Blues

(Music & Lyrics: Andra Cilliers)

Jack and the beanstalk jumped over the moon
Goldilocks blew over my house and stole my spoons
So keep your fairytales, it never works that way for me

Three little pigs ate Rapunzel for breakfast
Prince Charming kissed a frog 'cause he don't like women
So keep your fairytales away from me
Lord knows I don't care anymore

Mickey Mouse caught the roadrunner down the street
He gave him the finger and laughed in his face
So keep your fairytales off of me
Lord knows I don't care anymore

Sleeping beauty is sleeping with the enemy
The Big Bad Wolf will have his way
So keep your fairytales away from me
Lord knows I don't care anymore!

Broken Spanish

(Music & Lyrics: Andra Cilliers)

Yo tengo hambre Mario me amor
La vaca de mala leche
Y la carne es viecho
en la heladera rompa
Me duele el Corazon
Pero vamos a bailar, i todo bien
La paloma negra robar me san'which
Le hicha de puta!
Las drogas no me interessan
Pero estas fumanda marijuana

The Feline Song

(Music: Andra Cilliers, Lyrics: Andra Cilliers & Vlooi The Cat)

Oh dear, cant you see I belong to no-one but me
But I'll gladly be your pet and I'll sleep at the foot of your bed
On the floor – I'm happy to be close to your feet
Just feed me love

Oh dear cant you see I'm smitten and I cant stop smilin'
What am I supposed to do with all these naughty thoughts I have of you
Don't tell me, show me how much you want to please me
Just feed me love
Love, feed me love. Love is all I need from you
Just feed me love

Oh dear cant you see I want to be with you but I'm just a beast
When you go off to school I sleep on your dirty clothes to feel close to you
Just feed me love
Love, feed me love. Love is all I need from you
Just feed me love

I'm so sad

(Music & Lyrics: Andra Cilliers)

I am so sad

I'm so sad

Ever had that feeling

When everybody's asking:

"Is everything okay?

You look so damn depressed!

Why don't you answer your phone?"

And all you wanna do is cry..

Ever had that feeling

When everybody's asking:

"Is everything okay? Is everything okay?"

Don't question me!! I know what I need!

So go away, but don't leave me alone

I'm so sick of being alone

I'm so sad
